Students will explore the social structure of capitalism and the nature of money, the rise of modernity and the construction of consumerism, orientalism and the “clash of cultures,” the origin and role of nation-states, world systems of commodity exchange, the postmodern condition, and modes of indigenous and local resistance to “the triumph of capitalism and the end of history.”

### **PLAGIARISM**

Plagiarism is a serious academic offence. Plagiarism occurs when students present the words of someone else as their own. Plagiarism can be the deliberate use of a whole piece of another person's writing, but more frequently it occurs when students fail to acknowledge and document sources from which they have taken material. Whenever the words, research or ideas of others are directly quoted or paraphrased, they must be documented according to an accepted manuscript style (e.g., APA, CSE, MLA, etc.). Resubmitting a paper which has previously received credit is also considered plagiarism. Students who plagiarize material for assignments will receive a mark of zero (F) on the assignment and may fail the course. Plagiarism may also result in dismissal from a program of study or the College.
