HEALTH, NUTRITION & SAFETY

INSTRUCTOR:	OFFICE HOURS: By appointment
OFFICE LOCATION: N/A	CLASSROOM: TBD
E-MAIL:	TIME: 6:30 - 9:30 PM
TELEPHONE:	DATES: Sept 10 - Dec 20, 2018; Mondays

COURSE DESCRIPTION

This is a study of methods of meeting the health, nutritional, and safety needs of young children. The course provides basic information on the role nutrition plays in our lives, nutrient content of food, and the principles and practices of good health for children, including identification of the health and safety components in children's programs.

PREREQUISITES

None. It is recommended that students have completed Grade 12, including English 12.

EQUIVALENCY OR TRANSFERABILITY

Please check the following link <http://www.yukoncollege.yk.ca/programs/info/ecc> for information about transferability of Early Learning and Child Care courses.

LEARNING OUTCOMES

Upon successful completion of the course, students will:

- recognize the holistic nature of health through examining its physical, emotional and social dimensions

- identify and demonstrate the scope and limits of the educator's roles with regard to the health, safety, and nutrition of children, recognizing the importance of sensitivity and respect for the primary role of parents and family and diversity of cultures and beliefs
- apply principles of a health promotion philosophy to their lives as well as to their work with children
- promote children's health based on knowledge of child development and observation
- recognize and assimilate the importance of collaborating and networking with other professionals and agencies on an ongoing basis to enhance health in early learning and childcare environments
- apply the principles of essential health policies and practices in early learning and childcare environments.

COURSE FORMAT

This 45-hour course will be delivered in the classroom setting and/or web-conferencing by the instructor. The presentation of information will be primarily delivered by the instructor and occasionally by guest speakers.

Each lesson will include a variety of teaching/learning experiences. These strategies may include lecture, large and small discussion groups, in-class projects, experiences, simulations, role plays, observations, readings, audio-visual aids, guest speakers, and student's individual assignments.

To find information on Equipment/Software Requirements for Yukon College Systems please see the following link https://www.yukoncollege.yk.ca/information-technology/pages/about_it/it_for_students

ASSESSMENTS

Attendance and Participation

Much of the learning is done in the classroom. Students learn from each other, as well as from the instructor; therefore, attendance and appropriate participation are essential.

Attendance is mandatory. Because experiential exercises and other activities are such an important component, success in the course is dependent on a high level of participation. If you miss classes or experimental activities you may be asked to withdraw or you may not be allowed to return to class.

Students are expected to attend and participate in all classes, are expected to be actively involved in discussions, and must take responsibility for their own learning. Students' personal experience and thoughts will provide much of the material for discussion; therefore, it is expected that students are prepared for classes by having completed the required readings, assignments and other assigned work. Emphasis will be placed on learning by doing and on personal reflection on individual experiences.

As stated in Yukon College's Academic Regulations: "Students in all program areas are expected to attend classes and will be informed of any specific attendance requirements for their course by their instructors at the beginning of the term." It is the responsibility of the student to collect the information from classmates if they are absent from all or a portion of a class. Students are responsible for obtaining handouts and completing assignments for any classes missed.

Professional behaviour is expected. If a class should be missed, the student will communicate with their instructor ahead of time.

Note: If a student becomes absent from more than 10% of the course, the instructor may designate make-up assignment(s), which would be designed to demonstrate the student's understanding of content missed. This opportunity is at the discretion of the instructor and, if undertaken, will be accompanied by an assignment contract.

Assignments

Each assignment is designed to help the student synthesize knowledge from class, readings, personal knowledge, and traditional knowledge to build greater

understanding. Planned class discussions are enriched when students have completed assigned work at the appropriate time. Material from student assignments also plays an important role in helping the instructor design class activities and lectures to best suit the group of students. Therefore, handing in assignments on the due dates is very important.

ASSIGNMENT #	ASSIGNMENT NAME	VALUE
Assignment #1	Common Illnesses in Childhood	20%
Assignment #2	Menu Planning	15%
Assignment #3	Health Promotion Action Plan	30%
Assignment #4	Health/Safety/Nutrition Project	35%

Assignments will be discussed at the beginning of the course and presented in writing with criteria clearly defined. All students are encouraged to contact the instructor if they have questions or concerns about assignments or their progress. In exceptional circumstances, students may discuss alternate arrangements with their instructor (such as late submission of assignments, etc).

ALL assignments must also be submitted punctually. **5% will be deducted** for each calendar day that an assignment is late.

Please see additional comments about assignments in the assignment package.

ACADEMIC AND STUDENT CONDUCT

Information on academic standing and student rights and responsibilities can be found in the current Academic Regulations that are posted on the Student Services/ Admissions & Registration web page.

PLAGIARISM

Plagiarism is a serious academic offence. Plagiarism occurs when a student submits work for credit that includes the words, ideas, or data of others, without citing the source from which the material is taken. Plagiarism can be the deliberate use of a whole piece of work, but more frequently it occurs when students fail to acknowledge and document sources from which they have taken material according to an accepted manuscript style (e.g., APA, CSE, MLA, etc.). Students may use sources which are public domain or licensed under Creative Commons; however, academic documentation standards must still be followed. Except with explicit permission of the instructor, resubmitting work which has previously received credit is also considered plagiarism. Students who plagiarize material for assignments will receive a mark of zero (F) on the assignment and may fail the course. Plagiarism may also result in dismissal from a program of study or the College.

YUKON FIRST NATIONS CORE COMPETENCY

Yukon College recognizes that a greater understanding and awareness of Yukon First Nations history, culture and journey towards self-determination will help to build positive relationships among all Yukon citizens. As a result, to graduate from ANY Yukon College program, you will be required to achieve core competency in knowledge of Yukon First Nations. For details, please see www.yukoncollege.yk.ca/yfnccr.

ACADEMIC ACCOMMODATION

Reasonable accommodations are available for students requiring an academic accommodation to fully participate in this class. These accommodations are available for students with a documented disability, chronic condition or any other grounds specified in section 8.0 of the Yukon College Academic Regulations (available on the Yukon College website). It is the student's responsibility to seek these accommodations. If a student requires an academic accommodation, he/she should contact [the Learning Assistance Centre \(LAC\): lac@yukoncollege.yk.ca](mailto:lac@yukoncollege.yk.ca).
