COURSE CALENDAR DESCRIPTION

A survey of all the major content areas and current research of psychology: basic research methodology, neuroscience, sensation and perception, learning, memory, thinking and language, and motivation. The APA writing style is also introduced.

COURSE DESCRIPTION

Introductory Psychology is a survey course of all of the major content areas of Psychology: basic research methodology and current research in the various subject areas, and the basic knowledge and major theories of the field. Psychology 100 provided an overview of the following areas of psychology: history of psychology, research methods; biological basis of behaviour, sensation and perceptual processes; variations in consciousness, learning, human memory, and language and thought. Psychology 101 continues the survey of the field with explorations of psychological assessment, motivation and emotions, human development, personality theory, stress and health, psychopathology, therapy, and social psychology.

LEARNING OUTCOMES

Upon successful completion of the course, which includes timely submission of *all* assignments, students will:

- demonstrate an understanding of basic psychological terminology and explain important features of major psychological concepts and theories
- develop an understanding of basic theories and research methods in psychology
- critically analyze information about human behavior and distinguish between conclusions supported by scientific evidence and conclusions based on nonscientific ways of knowing
- demonstrate applied psychology analysis and evaluative research skills

COURSE FORMAT

This is an online course. You must have access to a computer, reliable Internet service, and telephone for Monday's conference calls. The course will consist of reading the first eight chapters in the electronic textbook, conference call connect time, two multiple-choice exams taken at the college, and the completion of the MindTap supplementary materials.

ASSESSMENTS

Attendance/Participation

Students are expected to keep up with the readings using the syllabus as a guide, complete all MindTap assignments in a timely fashion around the dates indicated in the syllabus, and critically analyze the material presented in the course. They are

also expected to attend the weekly evening (4:00 p.m. to 5:00 p.m.) conference call to discuss the concepts assigned for that week and deal with any questions or concerns.

Assignments

All assignments must be completed before December 20th. No assignments will be accepted after December 20th.

Examinations

There will be an exam following the completion of the first four chapters and another after the second four chapters. The first multiple-choice test will be on chapters 1 through 4 and is scheduled for Wednesday, October 25th in room TBA between 9:00 a.m. and 10:30 a.m. The second required exam covers chapters 5 through 8 and will be at the date, time, and place to be scheduled for the face-to-face Fall term of Introduction to Psychology 100. The exam schedule for this class will lie sometime between the 8th and 21th of December (Final Exam period). Students in Psychology 100 (Online) must be prepared to write their final exam at Yukon College during this announced time. Alternate arrangements will not be made for students unable to write the midterm or final examination at the scheduled time/date unless exceptional circumstances prevail and the instructor has given approval in advance. Final exam schedules for courses offered at Yukon College generally are formally announced approximately two weeks before the last scheduled face-to-face class on the 8th of December. Students must make arrangements to write both their October and December exam at the scheduled time at Yukon College. Students residing outside Whitehorse should check with the Instructor (Dr. James McClelland, 668-8867) or the Chair of Liberal Arts (Dr. Victoria, Castillo 456-8615) before signing up for the course if they will require alternate online test administration arrangements. Students requiring alternative testing administration must arrange for an appropriate proctor. The Proctor must be approved by the Chair of Liberal Arts. The arrangements for alternative online test administration must be completed by September 22, 2017.

EVALUATION

Attendance/Participation

10%

Regular attendance is expected for the conference call scheduled on Monday 4:00 p.m. until 5:00 p.m. Participation is evaluated through completion of the MindTap exercises including the pre-test and study tool assignments (multiple choice, true/false, fill in the blank, video and power visuals). Missed conference calls and incomplete MindTap assignments will result in a reduction of the Attendance/Participation mark.

Two Unit Exams

Due: October 25th and sometime between
December 8th and 21th

40%

Two multiple-choice exams are scheduled for this course. One will be on Wednesday, October 25th on chapters 1, 2, 3, and 4 in Room TBA from 9:00 a.m. until 10:30 a.m. The other will be sometime during Yukon College's Final Exam period, December 8th to 21th. The second exam will cover chapters 5, 6, 7, and 8 and will occur when and where the face-to-face class of Introduction to Psychology 100 will be writing their final exam. Both multiple-choice exams are valued at 20% each with the combined total contributing 40% towards the final grade in the course.

Aplia Assignment from MindTap

30%

Aplia assignments are meant to enhance engagement and promote critical analysis of key ideas in the chapter. Students are expected to complete all Aplia assignments for each of the eight chapters.

Post-Tests (Chapter 1 through 8) from MindTap

20%

Students are expected to complete all Post-Test exams for each of the eight chapters.

Note: The Aplia Assignments and Post-Tests exams will be reported in the Mindtap gradebook out of a total of 100%. To determine your final mark for Introduction to Psychology 100 (Online) divide your MindTap mark by two for the 50% weighting in this course and add your two Yukon College exam scores (October 25th exam 20% and December TBA exam 20%) and your attendance and participation mark (10%) to equal 100% of your Final Grade. (i.e. 50% MindTap + 20% Exam one + 20% Exam two + 10% Attendance/Participation = 100%)

All evaluative components for this course are compulsory, and must be completed in order to pass the course

REQUIRED TEXTBOOKS AND MATERIALS

ONLINE BOOK: Weiten, W., & McCann, D. (2016). *Psychology: Themes and Variations, (Fourth ed.)*. Cengage Learning, Toronto: Nelson Education. Purchase MINDTAP ISBN 9780176598211 which provides the electronic textbook and access to MINDTAP resources. Students will register in course MTPP-LNFP-1CHO.

LORENE ROBERTSON WRITING CENTRE

All students are encouraged to make the Lorene Robertson Writing Centre a regular part of the writing process for coursework. Located in Room C2211 (in the College Library), the Writing Centre offers writing coaching sessions to students of all writing abilities. For further information or to book an appointment, visit the Centre's website: [dl1.yukoncollege.yk.ca/Writing Centre](http://dl1.yukoncollege.yk.ca/Writing%20Centre). At the instructor's discretion,

students may be required to attend Writing Centre coaching sessions during the composition process of their paper(s) as a condition of assignment completion. At the instructor's discretion, students may be required to attend Writing Centre.

ACADEMIC AND STUDENT CONDUCT

Information on academic standing and student rights and responsibilities can be found in the current Academic Regulations that are posted on the Student Services/ Admissions & Registration web page.

PLAGIARISM

Plagiarism is a serious academic offence. Plagiarism occurs when students present the words of someone else as their own. Plagiarism can be the deliberate use of a whole piece of another person's writing, but more frequently it occurs when students fail to acknowledge and document sources from which they have taken material. Whenever the words, research or ideas of others are directly quoted or paraphrased, they must be documented according to an accepted manuscript style (e.g., APA, CSE, MLA, etc.). Resubmitting a paper which has previously received credit is also considered plagiarism. Students who plagiarize material for assignments will receive a mark of zero (F) on the assignment and may fail the course. Plagiarism may also result in dismissal from a program of study or the College.

YUKON FIRST NATIONS CORE COMPETENCY

Yukon College recognizes that a greater understanding and awareness of Yukon First Nations history, culture and journey towards self-determination will help to build positive relationships among all Yukon citizens. As a result, to graduate from ANY Yukon College program, you will be required to achieve core competency in knowledge of Yukon First Nations. For details, please see www.yukoncollege.yk.ca/yfnccr.

ACADEMIC ACCOMMODATION

Reasonable accommodations are available for students requiring an academic accommodation to fully participate in this class. These accommodations are available for students with a documented disability, chronic condition or any other grounds specified in section 8.0 of the Yukon College Academic Regulations (available on the Yukon College website). It is the student's responsibility to seek these accommodations. If a student requires an academic accommodation, he/she should contact the Learning Assistance Centre (LAC) at (867) 668-8785 or lassist@yukoncollege.yk.ca.
