Approval Statement

With the approval of the Board of Governors, this policy is hereby deemed in effect the 9th day of June, 2023.

June 9, 2023

David Morrison
Chair, Board of Governors
Yukon University

Date

1. Purpose

The purposes of this policy ("Policy") are to specify the signing authorities required for different types of contracts, and to define the responsibilities of individuals who negotiate, approve, or sign contracts on behalf of the Yukon University ("University").

2. Governing Legislation and Relevant Documents

The Yukon University Act
AF 3.0 Procurement Policy
AF 2.0 Financial Services Policy

3. Scope

This Policy applies to all operating, capital, ancillary and research contracts entered into on behalf of the University.

4. Definitions

Contract - includes any written agreement, Contract, subcontract, letter of intent, memorandum of understanding, memorandum of agreement, lease, deed, grant, license, purchase order, certificate, instrument, assignment, or any other document which creates an obligation, or which may be binding on the University (monetary and non-monetary).

Signing Authority – is the power, delegated by the Yukon University Board of Governors ("Board") to certain Authorized Employees, to enter into and execute Contracts on behalf of the University, relating to general operations and the development and expansion of the University.

5. Policy

No person is authorized to sign any contract on behalf of Yukon University unless the person has authority provided under this Policy or an applicable Board of Governors' motion.

All contracts signed under authority provided under this Policy must be in accordance with approved policies and budgets as approved by the Yukon University Board of Governors

("Board"). For greater clarity, contracts for the acquisition of goods or services on behalf of the University must comply with the Procurement Policy.

6. Process

To determine the appropriate Signing Authority for a contract, this three-step process must be followed:

- a) **Step One** – determine which policies, in addition to this Policy, apply to the contract. Other policies, in particular the Procurement Policy, may establish requirements for contracts that should be considered at the early stages. If all university policies have been followed, proceed to Step Two.
- b) **Step Two** – determine the cumulative, multi-year dollar threshold of the contract in order to determine the appropriate Signing Authority level.
- c) **Step Three** – once the Signing Authority has been identified, an individual must satisfy themselves that all responsibilities set out in Section 8, Signing Authority Responsibilities, of this Policy have been or will be met.

7. Negotiating Agreements

Employees who undertake agreement negotiation on behalf of the University have a responsibility to:

- a) Be aware of all University policies including any authorizations, approvals, or restrictions regarding the contract's content before negotiations commence;
- b) Consider previous contracts for the same good or service with the same vendor and whether or not the competitive bidding thresholds set out in the Procurement Policy need to be considered in relation to the cumulative value of contracts awarded;
- c) Determine whether there are financial issues which need further consideration prior to reaching an agreement;
- d) Carry out due diligence regarding the other contracting party including their legal status and viability to deliver the goods or perform the services required;
- e) Determine whether additional support is necessary regarding the contract including if legal support or advice is required and obtain support as early as possible in the negotiation process;
- f) Negotiate in the best interests of the University; and,

- g) Advise the other contracting party that the agreement is not considered final or binding until it has been signed in accordance with University policies.

8. Signing Authority

The Board establishes the following levels of signing authority which are delegated to enter into and execute contracts on behalf of the University relating to general operations, and the development and expansion of the university:

Yukon University Signing Authority by Level		
Level	Limit	Details
Base Level	Up to \$3,000	An employee who has been instructed by a Level 1, 2, 3, 4, Presidential or Board Signing Authority to purchase a good or service which is to be done by invoice or purchase card transaction.
Level 1	Up to \$15,000	The President or an individual with level 2, 3 or 4 Signing Authority may designate an employee of the University with Level 1 Signing Authority within the unit that employee works to address long term operational requirements.

The above Signing Authority levels are not presumed to apply to contracts falling into a category set out in Section 11, Exceptions. For signing procedures for such contracts, a more restrictive signing authority may apply.

Supported by the Procurement and Contracts Office, the President shall maintain a current list of University employees who have been provided with Level 1, 2, 3 and 4 Signing Authority.

Contracts being considered by a Level 1, 2 or 3 Signing Authority which are not in the University's standard form contract templates established pursuant to this Policy and Procedure Guidelines must be reviewed by the Procurement and Contracts Office who may require further review by Legal Counsel or the Vice-President, Finance & Administration. It is recommended that University standard form contract templates be used whenever possible, to provide assurance of the University's interests being protected.

The Signing Authority to execute documents under Seal shall be determined by the Board.
