School of Applied Science and Management

## Bachelor of Arts in Indigenous Governance

### Instructions for Use

This planning guide is to assist you in selecting courses each term. Read carefully, as some courses are only offered in one term/year, and some are offered in multiple terms/years.

**\*The recommended sequencing plan and note section in this guide will be beneficial in helping you select courses.**

Refer to your program page on the main website under programs/courses for a more thorough description of each course.

A glossary (description) of common words and phrases used in this guide, can be found on the last page.

### Graduation Requirements and Yukon First Nations Core Competency

To receive a Yukon University Bachelor of Arts in Indigenous Governance, a student must:

- pass all the required courses (90 credits) including one of FNGA 341 or 342 and FNGA 343: Indigenous Governance Capstone
- complete 50% (45 credits) of the coursework through Yukon University (residency requirement)
- achieve a minimum 2.0 cumulative GPA upon graduation (C average)
- successfully fulfill the Yukon First Nations core competency requirement \*

#### Yukon First Nations Core Competency

Yukon University recognizes that a greater understanding and awareness of Yukon First Nations history, culture and journey towards self-determination will help to build positive relationships among all Yukon citizens. As a result, you will be required to achieve core competency in knowledge of Yukon First Nations.

**\*Courses within the Indigenous Governance program fulfill the Yukon First Nations Core Competency component.**

## Notes

- \* IGD students who have already taken FNGA 208 and/or FNGA 103 will not be required to take the new FNGA 202 hybrid course to graduate.
- For courses that state “see course calendar”, please check the YukonU website for up-to-date course information.
- **Spring Semester Courses:** Courses in the spring semester may be offered on rotation every year, please check in with a program advisor to see if anything is offered.

## Recommended Sequencing Plan

Shown below is a sample sequence of courses for your degree. If you follow this plan, you should be able to graduate in three years, provided you complete five courses per academic year (up to three semesters per year). The sequence below is one example of how you could complete your core and elective requirements; you may find that a different sequence works as well, though it's important to note that some courses are offered only in Fall or Winter while others are available in both or more (see the “Usual Term” column in the program plan on the previous page). You may complete the courses over six semesters, and you may take them in any order you like provided you have met any prerequisites.

## PREPARATORY COURSES

To be eligible for admission to the Bachelor of Arts in Indigenous Governance, students must hold:

- Grade 12 graduation with English 12 and Math 10 (Foundations and Pre-calculus, or Workplace Mathematics 10); OR
- Acceptance into a related post-secondary program at a comparable level to the Bachelor of Arts (Indigenous Governance) degree; OR
- Five years of manager-level work experience with four to five pieces of sample writing for eligibility assessment.

## Lower Level Electives

Students must have a minimum of two (2) courses at the lower level. These can be 1xx courses and a mixture of humanities, lands and resources, science and social sciences. Courses used to fulfill specified electives (sciences, comms, culture pres.) may **not** be counted towards lower electives.

Please note that these are examples of electives and if students want to take courses not listed below it is best to speak with a program advisor.

### Approved Lower Level Electives

|          |          |          |          |          |          |          |

## Upper-Level Electives

Students must have a minimum of four (4) courses at the upper level. 2xx courses are **required** to have a specific pre-requisite in order to be considered upper level. ENGL 100 does not count as a pre-requisite. Any 3xx or 4xx courses are considered upper-level electives (e.g. RRMT 241 is a lower level because it is an introductory course).

Please note that these are examples of electives and if students want to take courses not listed below it is best to speak with a program advisor.

## Student Responsibility

Students are responsible for the completeness and accuracy of course selection and registration and for determining the requirements of your program. Always read course descriptions before you register to determine if you have the necessary prerequisites and pay attention to notes on mutually exclusive and cross-listed courses (pairs of courses in which credit will be awarded for only one).

## Program Advising

For information about the program or to discuss program requirements, pathways and destinations, including transfer matters, please contact Daniel Korbela. You can book an appointment in the following ways:

## Common Words and Phrases

- A **Credit** is the unit of weight for university courses and range from 1 to 15 credits.
- **Grade Point Average (GPA)** is a representation of academic achievement produced by dividing the total number of grade points earned over a period, usually a semester, divided by the number of courses or credits taken. See page 18 of the Academic Regulations for a fuller explanation.
- **Highly Recommended Course** is a course that would be beneficial to your learning and should be take either before or during your studies.
- **Prerequisite** is a course that you must complete with a satisfactory grade before enrolling in a subsequent course.
- A **Semester** is a portion of an academic year, during which an educational institution holds classes. Many people use the word 'term' interchangeably. We have three semesters per year. (Fall, Winter & Spring/Summer – see below)  
\*Note: not all programs use three (3) terms as part of their study schedule – most programs at YukonU use only the Fall & Winter term.
- **Recommended Sequencing Plan** shows a program's courses arranged according to year and semester (Fall, Winter, Spring) and are recommended to be taken in this order to complete a certificate, diploma or degree.
  
- **Fields of Study**
  - **Humanities** is the study of unique products of human culture and expression and include history, literature, language, philosophy, the visual arts, theatre, dance, and music.
  - **Social Science**, sometimes called the behavioural sciences, is the branch of academic study that looks at human activity in societies and seeks to understand the causes and consequences of social phenomena. Many social sciences have a social justice agenda in that they also seek to find and offer solutions to social problems. Social science disciplines include anthropology, criminology, economics, political science, sociology, psychology, and women and gender studies.
  - **Science** deal with the study of natural phenomena through observation, experimentation and use of scientific methods and include study in fields such as astronomy, biology, chemistry, mathematics environmental sciences and physics.
  -
- **Semester Starts and Ends**
  - Fall = Either Late August or early September through December
  - Winter = Early January through April (Sometimes into early May)
  - Spring/Summer = May through August

**Note: Your program area determines terms/semester exact dates.**
